

General Non-Divisible Commodity Permits

It is the responsibility of the permittee to reduce all over dimension and/or overweight loads to the least possible dimension and weight prior to application for a permit.

The wording “**LEGAL**” shown on the permit is the maximum weight authorized by NC Law.

A **general non-divisible commodity** would include but is not limited to:

Boats	Self-propelled equipment (<i>request Publication SP-3</i>)
Construction equipment	Tanks
Machinery (farm and business)	Transformers
Trusses/beams/girders	Sealed ship container (<i>request Publication C-11</i>)

Single Trip Permits: State Fee - \$12 for each dimension over lawful dimensions including height, length, width and weight.

Valid for 10 calendar days.

Width – maximum overall width not to exceed **15'**

Authorizes one (1) single trip (May include a return trip if requested at time of application)

Route of Travel – exact origin, detailed route and specific destination.

County/state road numbers and routes are required. **A return trip may be included if:** requested at the original time of permit request; and transporting the same item or commodity; and the return trip can be made within the validation of the permit.

Identified by truck license and last 5 digits of serial number.

Issued to the registered owner of the power unit.

Detailed load description required.

Annual Permits: State Fee - \$100 per vehicle

Valid for one (1) year from date of validation

Width - 12 ft. maximum (Exception: 14' wide farm equipment with special restrictions)

Route of Travel – “**Legal**” gross weight allows travel on all highways in North Carolina with posted roads and bridges to be observed. Hauling one (1) item/commodity qualifies for an overweight permit. (Gross and/or axle weight). All qualifying overweight vehicle/vehicle combinations exceeding the maximum allowable weights allowed by law as determined by the extreme axle measurement may be issued an annual permit for a specific route of travel.

1. An annual oversize/overweight permit may be issued vehicle specific valid for unlimited movement without the requirement of an escort vehicle on all North Carolina highways, where permitted by the posted road and bridge limits, for vehicle/vehicle combinations with a minimum extreme wheelbase of 51' transporting general non-divisible commodities and which does not exceed; width of 12'; height of 13'6"; overall length of 75'; gross weight of 90,000 lbs.; and axle weights of 12,000 lbs. steer axle, 25,000 lbs. single axle, 50,000 lbs. tandem axle, and 60,000 lbs. for a three or more axle grouping.

- An annual oversize/overweight permit may be issued vehicle specific valid for unlimited movement without the requirement of an escort vehicle on all North Carolina highways, where permitted by the posted road and bridge limits, for four or five axle self-propelled equipment or special mobile equipment capable of traveling at a highway speed of 45 miles per hour with a minimum wheelbase of 30' and which does not exceed: width of 10'; height of 13'6"; overall length of 45' with a front and/or rear overhang not to exceed a total of 10' feet; gross weight of 90,000 lbs.; and axle weights of 20,000 lbs. single axle; 50,000 lbs. tandem axle; and 60,000 lbs. for a three or more axle grouping.

Length: 75' - permitted combination hauling 1 item or truck/tractor 48' semi-trailer combination hauling multiple items in line.
Height: Maximum of 13'6" (legal)

The following weights DO NOT apply to Self-Propelled Equipment – refer to Publication SP-3 and sealed ship containers should refer to Publication C-11.

Permit Regulations

To Qualify For:

Gross Weight:

5 axles 112,000 lbs.
 (94,500 – wheelbase less than 51')
 (Annual – maximum of 10 **specific** routes with exact origin, detailed route of travel and exact destination)

6 axles 120,000 lbs.
 (108,000 – wheelbase less than 51')
 (Annual – 1 **specific** route with exact origin, detailed route of travel and exact destination)

7 axles 132,000 lbs.
 (122,000 – wheelbase less than 51')
 (Annual – 1 **specific** route with exact origin, detailed route of travel and exact destination)

Sealed ship containers – maximum gross weight of 94,500 lbs.

Axle Weight:

Steer 12,000 lbs.
 Single 25,000 lbs.
 Tandem 50,000 lbs.
 Three or more 60,000 lbs.

Width:

Single Trip – 15' maximum
 Annual – 12' maximum (Exception: 14' wide farm equipment with special restrictions)

Length:

Single Trip – no specified length limitation
 Annual – 75' maximum hauling 1 item or truck/tractor 48' semi-trailer combination hauling multiple commodities in line.

Overweight (Gross): 1 item/commodity. Vehicle required to be licensed for maximum weight determined by extreme wheelbase.

Overweight (Axle): 1 item/commodity. Multiple items do not qualify for overweight.

Overwidth: 1 item/commodity or multiple items loaded in line not to exceed maximum length specified by permit.

Overlength: 1 item/commodity or multiple items in line loaded not to exceed legal length by NC Law.

Height:

No maximum height limit at this time. However, height exceeding 14' will require up to 2 working days (16 hours) to process.

Overheight: 1 item/commodity stacked commodities cannot exceed legal height of 13'6".

Restricted Time: Permitted vehicles exceeding legal dimensions or gross weight greater than 112,000 lbs. Sunrise to Sunset, Monday through Saturday.

Permitted vehicle/vehicle combinations exceeding a width of 12' are not authorized to travel within a 10 mile radius of the city limits of Charlotte, Raleigh, Durham or Chapel Hill between the hours of 7am – 9 am and 4 pm – 6 pm.

Continuous Travel:

24 hours/7 days is authorized if:

- the permitted gross weight does not exceed 112,000 lbs. (94,500 lbs. for sealed ship containers) and,
- if no overdimension of width, length or height is a part of the permitted movement.

Convoy Travel:

Permitted vehicle owned or leased by the same company or permitted vehicles originating at the same location shall travel at a distance of not less than two (2) miles apart.

Escort(s):

- One escort required for movement of all commodities exceeding a width of 12'.
- Front escort for permitted loads greater than 12' wide on two-lane/two-way traffic highways and a rear escort on multi-lane highways or as determined by the issuing agent and stated on the permit document.
- Rear escort required for permitted loads exceeding 110' in length. (Max gross weight 132,000 lbs.)
- Additional escorts may be required for any vehicle or vehicle combination with individual consideration of weight, width, length, height, weather, geographical location or route of travel as determined by issuing agent.

Safety Devices:**Banners:**

Size – length 7' x 18 " in height.

Lettering - black 10" high with 1 ½ brush strokes

Color – Yellow

Placement – banner is to be displayed on the front and rear bumpers of any vehicle combination more than 10' wide. (May be two separate banners totaling a length of 7' to provide for display of registration plates/decals).

Flags:

Color – red or orange

Size – 18" square

Placement – on all four corners at widest point of overwidth or as specified on the permit.

Height Pole Indicator required for front escort vehicle for overheight moves in excess of 14'5".

General Requirements:

- Escorts may be required for any vehicle or vehicle combination with individual consideration of weight, width, length, weather, geographical location or route of travel as determined by issuing agent. (*See Publication E-9*)
- Overheight permit applications in excess of 14' are required to be made in writing to the Central Permit Unit at least two working days prior to the anticipated date of movement for review and processing.
- ICC # required if permitted vehicle/vehicle combination is crossing state lines.
