

Notice of Optional Industry Forum

Charlotte Outer Loop and I-85 Widening TIP Projects R-2248E, R-2123CE and I-3803B

Due to the extensive work involved in these projects and the unique financing of a portion of this work, all prospective bidders and Design-Build Team members are encouraged to attend an optional industry forum with the NCDOT to address project specifics and financing, as well as the Design-Build procurement process.

This forum will include a presentation on the project scope, procurement timelines, NCDOT Design-Build procurement process and financing for the project. After the presentation, time will be allotted for questions from industry partners.

The industry forum will be held on December 3, 2009, beginning promptly at 1:00 p.m. The industry forum will be held on the campus of the University of North Carolina – Charlotte in the College of Health and Human Service Building, Room 155. The location of the forum is approximately five miles from the project site.

Please reference the links noted below for a map of the general location of the UNCC campus in relationship to the three projects, as well as a detailed UNCC campus map. Please note that hourly paid parking is available on the UNCC campus in the Union Deck located on Cameron Boulevard.
