

STATE OF NORTH CAROLINA
DEPARTMENT OF TRANSPORTATION

MICHAEL F. EASLEY
GOVERNOR

LYNDO TIPPETT
SECRETARY

MEMORANDUM TO: Project Engineers
Project Design Engineers

FROM: J.S. Bourne, P.E.
Traffic Control, Marking, and Delineation Engineer

DATE: September 19, 2003

SUBJECT: TRAFFIC CONTROL SPECIAL PROVISIONS

The Traffic Control Section has revised the Special Provisions used by the section as follows:

- 1- BARRICADES: pertaining to the use of Type II barricades. **No longer needed**
- 2- BACKFILL MATERIAL: **No longer needed**
- 3- DEPARTMENT FURNISHED MOVABLE CONCRETE BARRIER: **Revised**
- 4- DEPARTMENT FURNISHED TRANSFER AND TRANSPORT MACHINE FOR MOVABLE CONCRETE BARRIER: **Revised**
- 5- FLEXIBLE DELINEATORS: **No longer needed**
- 6- GUIDE SIGNS TEMPORARY COVERS: **No longer needed**
- 7- GUIDE SIGNS RELOCATION, TEMPORARY: **No longer needed**
- 8- GENERAL LAYOUT: **No longer needed**
- 9- HAULING OPERATIONS: **No longer needed**
- 10- MOVABLE CONCRETE BARRIER: **Revised**
- 11- POLICE: **Revised**
- 12- RESETTING MOVABLE CONCRETE BARRIER: **No longer needed, incorporated into #3 and #10.**
- 13- TEMPORARY GLARE SCREEN: **Revised**
- 14- TEMPORARY GUIDE SIGNS: **No longer needed**
- 15- TOWING OF DISABLED VEHICLES: **No Action at this time.**
- 16- TRAFFIC CONTROL DEVICES TO REMAIN ON THE PROJECT: **Revised**
- 17- TRAFFIC CONTROL DEVICES FROM PREVIOUS PROJECT: **Revised**
- 18- TRANSFER AND TRANSPORT MACHINE FOR MOVABLE CONCRETE BARRIER: **Revised**
- 19- TUBULAR MARKERS: **No longer needed**
- 20- WATER FILLED BARRIER: **Revised**

LOCATION:
CENTURY CENTER COMPLEX BUILDING B
1020 BIRCH RIDGE DRIVE
RALEIGH, NORTH CAROLINA 27610

Although some of these special provisions are no longer needed to be a part of the traffic control submittal package; the designer is still required to complete some coordination and other work as shown below:

- 1- BARRICADES: pertaining to the use of Type II barricades
This SP is no longer needed since the type II barricades pay item is already included in the 2002 Spec. **No action is required from the designer**
- 2- BACKFILL MATERIAL:
This SP is no longer needed because backfill material is not a traffic control pay item and Roadway usually can add some quantity to their estimate based on our request. **Designer should contact Roadway about adding backfill material to their estimate.**
- 3- FLEXIBLE DELINEATORS:
This SP is no longer needed since the Flexible delineators pay item is already included in the 2002 Spec. **No action is required from the designer**
- 4- GUIDE SIGNS TEMPORARY COVERS:
This SP is no longer needed since Signing has the same pay item in the 2002 Spec. under Division 9. **Designer should contact and work with Signing to include the quantity for this pay item in the Signing estimate.**
- 5- RESETTING MOVABLE CONCRETE BARRIER:
This SP is no longer needed, it has been incorporated into 2 other special provisions: Department furnished movable concrete barrier and Movable concrete barrier. **No action is required from the designer**
- 6- GUIDE SIGNS RELOCATION, TEMPORARY
This SP is no longer needed since Signing has the same pay item in the 2002 Spec. under Division 9. **Designer should contact and work with Signing to include the quantity for this pay item in the Signing estimate.**
- 7- GENERAL LAYOUT
This SP is no longer needed. **No action is required from the designer**
- 8- HAULING OPERATIONS:
This SP is no longer needed since the same language has been included in the 2002 Spec. **No action is required from the designer**
- 9- TEMPORARY GUIDE SIGNS:

This SP is no longer needed since Signing has the same pay item in the 2002 Spec. under Division 9. **Designer should contact and work with Signing to include the quantity for this pay item in the Signing estimate.**

10- TOWING OF DISABLED VEHICLES:

The Traffic Control Section can no longer initiate this Special Provision. **Designer should contact and work with the Division to initiate a towing contract if the project warrants the use of one.**

11- TUBULAR MARKERS

This SP is no longer needed since the Tubular markers pay item is already included in the 2002 Spec. **No action is required from the designer.**

These revisions are effective immediately. The Traffic Control website has been updated to include these revisions.
